Emergency Consent Form

If your child needs emergency medical care and you are not available to give formal consent to medical authorities, care may be unnecessarily delayed. To protect your child, leave a completed emergency consent form with your child care provider or temporary guardian. In the event of a medical emergency you may want to keep a completed form authorizing a licensed medical doctor, child care provider, or a temporary guardian to give consent in your baby's diaper bag/child's travel bag for an extra measure of safety.
